

NOT ALL HEROES WEAR CAPES.

Some people say there aren't many heroes left. But they're out there. The people who always seem to do whatever it takes to help folks out, whenever they need it. No questions. No fanfare. Just action.

We think we've got a few heroes here at PSNH. Line workers, customer service teams, engineers, technicians and power plant operators. Whenever the weather gets bad, wherever there's a problem, they're there for you. 24-7.

As heroes go, they may not have colorful costumes. Although some of them do wear yellow hats.
