USE 35-50% LESS WATER AND 50% LESS ENERGY

Save energy, save money, and help protect the environment with brand name ENERGY STAR labeled clothes washers. They clean your clothes with much less water, less detergent, and less energy. National studies show astounding savings with ENERGY STAR labeled washers. By using less water and energy, the average family can save about \$100 annually.

LOOK FOR THE ENERGY STAR LOGO

Only products delivering the highest level of energy efficiency can earn the ENERGY STAR label. Look for it at participating appliance retailers. Or call 1-877-ENNERGY (366-3749) or visit www.energystar.gov for a complete list of qualified models.

Did you know?

- If every household chose an ENERGY STAR qualified washer over a non-qualifying model, energy savings would be equivalent to removing the emissions from over 3 million cars on the road.
- A family could save up to \$90 each year in energy and water costs, depending on utility rates and loads of laundry washed.
- ENERGY STAR qualified clothes washers use 50% - 70% less energy than conventional models.
- An ENERGY STAR qualified washing machine can save over 7,000 gallons of water per year per household -- more water than an individual drinks in a lifetime.
- Through high energy and water savings, you can recover the extra cost of buying an ENERGY STAR qualified clothes washer in 4-5 years.
